DIALOGUE FEW PERSPECTIVES

- More work on the DIALOGUE evaluation criteria and key success factors
- Follow-up of collected and developed material during the projects (f.i. adult students conducting research in their own professional contexts)
 - More exchange and debates
 - In depth understanding
- Research methodologies to feed the research-practice debate
- Better understanding of the changing roles of practitioners and researchers and the way how university recognize it
- Building of trust between research institutions and professional institutions :
 - New ways?
